Teachers use ICT enabled tools for effective Teaching-Learning process.

With the advancement in technological tools, Information and Communication Technology (ICT) has also achieved it highest place in teaching learning process. Extensive use of ICT can lead to improvement in students learning & understanding and better equipped teachers with one of the best teaching methods. It is also observed that, an increase in student exposure to educational ICT through curriculum integration has a significant and positive impact on student achievement, especially in terms of "Knowledge Comprehension", "Practical skill" and "Presentation skill" in all subject areas. For this the role of the teacher must change in the sense that it is no longer sufficient for teachers merely to impart content knowledge. It will, however, be crucial for teachers to encourage critical thinking skills, promote information literacy and nurture collaborative working practices to prepare students for a new world in which do not ensure job guarantee for life and where people switch careers several times. By taking in to account all these facts we are inspiring teachers and students to get friendly with ICT teaching tools. To make ICT teaching more effective we have developed college with the basic acceptable infrastructure including stable and affordable internet connectivity through Wi-Fi facility and security measures such as filters and site blockers.

Following ICT teaching and learning tools are available in our college:

1. There is one ICT enabled seminar hall and 2 ICT enabled classrooms, which are fully equipped with smart podium enabled with computer, LCD projector, sound system. A proposal for smart classroom is being sent to HED for installation in GECDL.

2. GOOGLE CLASSROOM (GCR) as online teaching platform and GOOGLE MEET has been used by Department of Science (Chemistry, Botany, Zoology) for effective sharing of assignments, PDF Notes, Internal assessment, projects and online classes. Proposal for setup of MOODLE is also in line for implementation in future.

SN.	ROOMS	ICT FACILITIES
1	ALL CLASS ROOMS	WIFI ENEBLED
2	SEMINAR HALL	COMPUTER / SOUND SYSTEM / PROJECTOR / WIFI
3	LABORATORIES	COMPUTER / PRINTER / WIFI
4	LIBRARY & READING ROOM	COMPUTER / PRINTER / WIFI
5	PRINCIPAL OFFICE	COMPUTER / SCANNER / PRINTER / WIFI
6	STAFF ROOM	COMPUTER / SCANNER / PRINTER / WIFI
7	COMPUTER LAB	COMPUTER / SCANNER / PRINTER / WIFI
