

Government Eklavya College, Dondi Lohara

Dalli Rajhara Raod, District-Balod, C.G India, 491771
Affiliated to Hemchand Yadav Vishwavidyalaya, Durg, C.G

The Institution has facilities for alternate sources of energy and energy conservation measures

1. Solar energy:

To harness the solar energy and being renewable source of energy, college has moved forward to install Solar Plant on roof top of college. A proposal was initiated by IQAC, proposal have been approved for about 1.5kW power plant and its estimate was called from CREDA, Chhattisgarh State Renewable Energy Development Agency, and is in process of installation.

2. Biogas plant:

College has no set up of biogas plant.

3. Wheeling to the Grid:

No such setup in college presently.

4. Sensor-based energy conservation:

No initiation of college.

5. Use of LED bulbs/ power efficient equipment:

The college has taken care to install the LED bulbs & lights in office, labs, classrooms recently, as we have been suggested by energy auditors to replace it by fluorescent lights and bulbs to save electricity and pay low bills.
